Consistent branding and messaging coupled with strategic timing, target-specific language, and top-notch training are vital for ensuring and accelerating success. Here's where we can help:

- ▲ Strategic Marketing and Outreach Plans
- ▲ Instructional Design and Educational Technology
- ▲ Website Development and Maintenance
- ▲ Public Affairs and Legislative Liaison
- ▲ Advertising
- ▲ Classroom and Interactive Training
- ▲ Publication Planning and Production
- ▲ Multimedia Products
- ▲ Conference and Events Management
- ▲ Clearinghouse and Information Center Operations

AVISAR

Federal agencies... making them stronger by delivering results.

Program Management, Operations, and Support

Whether you're addressing a localized, department-specific project or a cross-functional, global initiative, managing and ensuring efficient and secure processes and systems are not easy tasks. Project management diligence, quality assurance, security and compliance are just a few of the many concerns that come into play. That's why Avisar offers you professional technical and administrative support teams for:

- ▲ Needs Assessment
- ▲ Strategic Planning
- ▲ Compliance and Reporting
- ▲ Feasibility Assessment
- ▲ Facilities Management
- ▲ Human Resources Management
- ▲ Workflow Optimization
- ▲ Logistics
- ▲ Financial Analysis
- ▲ Administrative Support

Scientific and Engineering Assistance

Look at the many ways Avisar's scientists and engineers can support the collaboration of research, technology, and business for enhancing the environment, transportation, defense, energy exploration and applications, healthcare and pharmacology, and space and earth sciences. Our specialized know-how covers:

- ▲ Science and Engineering Program Management
- ▲ Custom Research and Special Studies
- ▲ Modeling and Simulation
- ▲ Decision Support Systems
- ▲ Information Sciences
- ▲ Telecommunications
- ▲ Technology Transfer

SMEs in Many Areas

Our subject matter experts (SMEs) cover a wide range of topics, including:

- ▲ National and Homeland Security
- ▲ Aviation and Aerospace
- ▲ Healthcare and Life Sciences
- ▲ Multimodal Transportation
- ▲ Public Health and Safety
- ▲ Law Enforcement
- ▲ Intelligence Gathering and Analysis
- ▲ Diplomacy and International Relations
- ▲ Energy and the Environment
- ▲ Education
- ▲ Finance and Economics
- ▲ Management and Organizational Development

An Avisar Advantage: You Always Get the Best People

Right from the start you and Avisar are working together as a team to select the right resources for your need. We assign individuals who have the knowledge, relationships, and quality standards to drive success. But our focus on people does not end there. Ongoing management reviews with you ensure you always have a team of top performers throughout your project.

An Avisar Advantage: Real Customer Relationship Management

Avisar's unmatched customer satisfaction focus means you and your organization get proactive – not reactive – management of our relationship. We continually monitor your project's progress and changing needs. We also continually optimize our team's performance, looking for new ways to help minimize risks, avoid pitfalls, and deliver success and satisfaction for you. Working Together... Real CRM.
